### Protect the people who matter most

Throughout your life, there's one priority that stays the same — looking out for the people you love. Whether you're joining the workforce, supporting a growing family or preparing for retirement, you want what's best for your loved ones.

If you have a family who depends on you, life insurance is especially important. Without you, would they be able to pay for housing, utilities and other everyday expenses?

With life insurance from Colonial Life & Accident Insurance Company, you can tailor coverage for your family's specific needs. No matter where you are in life, we have coverage options that can help.

## Coverage throughout life's journey

The best time to buy life insurance is at a young age when coverage is generally less expensive. However, life insurance can help at any stage of your life.

Term life insurance provides coverage for a select period of time. It's a great choice for the stages in your life when you have substantial financial obligations, such as student loans, mortgage payments and child care.

Whole life insurance offers permanent coverage that stays the same throughout the life of the policy. It can help your loved ones pay for medical bills and funeral costs.

The ideal scenario is to have both term life and whole life insurance. With this combination, you can help protect your family during the years they're depending on you the most and assist with final expenses.

Over a third (35%) of all households would feel adverse financial impacts within one month if a primary wage earner died.
